

Chocolate  
Box Cottage

Choosing the right heavy duty stand mixer for breadmaking is an important decision. This handy chart compares features side-by-side for three top contenders: KitchenAid Artisan series, Bosch Universal, and Ankarsrum Assistent.

All three brands are quality mixers. Each one has its strengths - and its quirks, and having used all three, I am sharing not only the “specs,” but what I have learned from day to day use over the years to help you arrive at the best decision for your kitchen and your budget. Match your needs and expected uses with a mixer below!

Blessings, Michele at chocolateboxcottage.tv

<b>Expected life</b>	10 years	20 years	lifetime
<b>Add-on accessories</b>	meat grinder, ice cream bowl, sifter & scale, pasta maker, spiralizer, sausage stuffer, and many more	stainless steel bowl, blender, meat grinder, citrus juicer, spiralizer, food processor, pasta maker, and more	meat grinder, berry screen, pasta maker, ice cream bowl, citrus juicer, flake mill, blender, and more
<b>Special features</b>	Iconic kitchen design. Easy to learn to use. Will serve most home cooks well for a variety of purposes. Most published recipes are written specifically with KA in mind.	Unique ergonomic design. Lightweight, easy to move. Suction feet grip the counter for stability. Handles small batches as well as large. Pulse function. Accessories less expensive than those of the Ankarsrum.	Classy workhorse at home in a modern kitchen or retro setting. Roller and scraper mimic hand kneading for softest bread. Timer allows you to multitask. Quiet motor. Very stable, will not rock or walk.
<b>Drawbacks</b>	If stored under cabinet, mixer needs to be pulled forward to tilt head up. Do not use recipes calling for more than 6 cups whole grain flour. Heavy loads may cause mixer to walk. Watch for motor strain to avoid damage. Beater doesn't quite reach bottom of bowl.	Functions differently than KA, requiring patience to master. Vigorous mixing action may not be suited to ancient grains. Bundt shaped bowl is not always practical. Motor is loud. Available in 2 colors only.	Functions differently than KA, requiring a patience to master. Speed control knob lacks directional marking. Bundt shaped plastic bowl is not always practical. Accessories are expensive. Plastic bowl is delicate.
